## Февральское кружево

Зима щедро приправляет последние дни прощальными морозами. Но вот уж воистину – у природы нет плохой погоды. В минувшую пятницу проснулись юргинцы – и ахнули: чудо-то какое! Рас-

кинул февраль серебряные кружева на деревьях и кустах, заискрились, засверкали они вязью бриллиантовой на восходящем солнце – завораживает красота нерукотворная, дух захватывает!

Все правильно:

*Лес в ажурной белой шали,  
В кружевах февральских дали,  
Вся земля, как молоко –  
До весны недалеко.*

## В пятницу – как всегда, субботник

**Сотрудники администрации города вышли на очередной субботник**

По традиции, сотрудники администрации каждую пятницу выходят на субботник, не стала исключением и минувшая неделя. Специалисты различных структурных подразделений убрали снег и наледь с прилегающей территории и на аллее по пр. Победы. Работники управляющих компаний расчищали дворы, убрали снег и сосульки с крыш домов, подъездных козырьков.

Волонтеры в этот день наводили порядок на мемориальном комплексе воинам, погибшим во время Великой Отечественной войны. Стоит отметить, что студенческие отряды ежедневно, а не только в пятницу, помогают в уборке снега ветеранам, одиноким пенсионерам, а также детским садам.

Всего в субботнике приняло участие около 500 человек, задействовано 30 единиц техники, вывезено более тысячи кубометров снега.

К 70-летию

### Закредитованные

Спецкомиссии, созданные в городах и районах Кузбасса по поручению Амана Тулеева, приступили к работе с закредитованными жителями

Каждый должник должен знать: если из-за возникшей трудной жизненной ситуации платить по кредиту вовремя и в полном объеме не получается, следует сразу обратиться в банк с письменным заявлением на предоставление рассрочки. В то же время надо продолжать выплачивать хоть какую-то часть долга. Отказ банка в предоставлении рассрочки должен быть предъявлен человеку в письменной форме (если дело дойдет до суда). При этом без решения суда банк отобрать у заемщика не может ни имущество, ни жилье. По суду приставы смогут удерживать из зарплаты или пенсии не более 50 % средств.

## В комитетах депутатов

В Юргинском городском Совете народных депутатов состоялись заседания профильных комитетов

Подготовка к первой сессии 2015 года началась с заседания комитета по вопросам бюджета, муниципальной собственности и предпринимательства. На заседании были рассмотрены вопросы целесообразности внесения изменений в Положение о приватизации муниципального имущества в муниципальном образовании «Юргинский городской округ» и необходимости внесения изменений в решение ЮГСНД от 24.12.2008 № 54 «О принятии Положения о бюджетном процессе в Юргинском городском округе». Далее парламентарии ознакомились со сведениями о расходовании средств резервного фонда городского бюджета за 2014 год и утратившими силу правовыми актами в части контроля за использованием бюджетных средств.

На заседании комитета по вопросам промышленности, строительства, экологии и коммунального хозяйства перед депутатами выступил заместитель главы города по жилищно-коммунальным вопросам С.В. Борисов с информацией об оснащении многоквартирных домов общедомовыми приборами учета. Председатель комитета архитектуры Т.Н. Федотова доложила о проведенных и запланированных мероприятиях по межеванию земельных участков.

Депутаты, входящие в состав комитета по вопросам местного самоуправления и правоохранительной деятельности, обсудили вопросы безопасности дорожного движения и заслушали доклад начальника ОГИБДД межмуниципального отдела МВД России «Юргинский» майора полиции Д.С. Давыдова о результатах работы за 2014 год и планах по стабилизации обстановки на 2015 год.

## Социальные услуги

В администрации города состоялось выездное совещание по исполнению полномочий в сфере социальной поддержки и социального обслуживания населения Юрги за 2014 г.

В совещании приняли участие заместитель начальника департамента социальной защиты населения Кемеровской области В.В. Кочетова, заместитель главы города по социальным вопросам Е.Ю. Сухарева, начальник управления соцзащиты Юрги Ю.И. Алексеенко и представители социальных учреждений города.

Среди тем, обсуждаемых на совещании, были такие, как организация межведомственного взаимодействия в электронном виде, в т.ч. взаимодействие с МФЦ; организация работы по защите персональных данных; организация внутреннего контроля и его эффективность в части предоставления мер социальной поддержки (формы и результаты контроля, принимаемые меры) и другие актуальные вопросы.

По итогам совещания деятельность городских органов соцзащиты признана удовлетворительной. По межведомственному взаимодействию в электронном виде Юрга занимает 4 место в области. Показатели «дорожной карты» в 2014 выполнены в полном объеме. Основная цель «дорожной карты» – обеспечение доступности, существенное повышение эффективности и качества предоставления населению социальных услуг в сфере социального обслуживания, а также внедрение современных форм и технологий работы в деятельность социальных учреждений.

## Ребенок в детском доме

На базе детского дома «Радуга» прошел «круглый стол» на тему «Реорганизация и реструктуризация детских домов»

В работе «круглого стола» приняли участие представители учреждений для детей-сирот и детей, оставшихся без попечения родителей, со всей Кемеровской области. Участников «круглого стола» приветствовали начальник управления образованием администрации Юрги А.В. Тищенко и заведующая отделом по охране прав детства Е.А. Тарабыкина.

В ходе мероприятия собравшиеся обсуждали различные вопросы, связанные с разукрупнением детских домов. Разукрупнение таких домов входит в комплекс мер, предусмотренных Государственной программой «Россия без сирот», активно продвигаемой омбудсменом П.А. Астаховым. Павел Алексеевич считает, что такая политика в отношении сиротских домов была актуальна еще лет десять назад, ведь каждый ребенок, лишенный родительской заботы, нуждается в индивидуальном подходе и внимании, что невозможно при одновременном содержании в приюте количества детей, исчисляющегося сотнями.

Представители общественной палаты также высказываются в пользу того, что одновременно вместе должно воспитываться не более 10-30 детей разного возраста, поэтому необходимо расформировать существующие учреждения в дома семейного типа. Уменьшение численности воспитанников таких учреждений, например, со ста до тридцати детей благотворно скажется на их воспитании и социализации.

## «Прямая линия»

Глава города С.В. Попов провел «прямую линию»

Основными темами вопросов, на которые в течение часа отвечал первый руководитель города, стали уборка внутриквартальных проездов, ремонт домов, выделение мест в детских садах. По всем прозвучавшим вопросам даны разъяснения, некоторые взяты на контроль.

Напомним, что «прямая линия» проводится каждый второй понедельник месяца с 14 до 15 часов по телефону 4-16-66. Кроме того, каждый первый и третий понедельник месяца глава города проводит прием граждан по личным вопросам. Запись на прием ведется по четвергам, предшествующим каждому приему, по адресу: проспект Победы, 13, каб. № 117, в 8.30 час.

## Проверят чиновников и коммерсантов

Аман Тулеев передал в правоохранительные органы материалы по фактам финансовых нарушений

Факты финансовых нарушений обнаружены в результате проверок Общероссийского народного фронта и областной администрации в Новокузнецке и Кемерове.

Так, организации, входящие в группу предприятий «Горсвет», выполнили работы по текущему ремонту наружного освещения и светофоров в обход контрактной системы на сумму более 70 млн рублей. Кроме того, вопросы у губернатора вызвал контракт с компанией «Кузбассдорстрой» на капитальный ремонт пр. Шахтеров в Кемерове на сумму почти 190 млн рублей. По мнению Амана Тулеева, контракт нуждается в дополнительной проверке администрации города Кемерова и правоохранительных органов.

В связи с этим губернатор Аман Тулеев потребовал от правоохранительных органов дать правовую оценку действий чиновников и коммерсантов.

## Чтобы живые помнили...

Минуло семь десятилетий. Ветеранов остается все меньше и меньше. Но это не причина забывать нам о городах, покрывшихся

пеплом войны, о разрушенных памятниках нашей культуры, о тружениках тыла, вынесших на своих плечах непомерное бремя военного лихолетья и о самой главной потере — миллионах человеческих жизней, наших с вами родных, заживо сгоревших в концлагерях, умерших от голода, замерзших в голодном и холодном Ленинграде, сложивших свои головы под Сталинградом, насмерть стоявших под Москвой, Одессой, Севастополем, Новороссийском, Тулой, Минском, Мурманском, Смоленском...

Великая Победа... Путь к ней оказался долгим и трудным, небывало жестоким и болезненным, истерзанным и разрушенным огнем, раскиданным и истребленным по полям родной земли. 1418 дней и ночей наши сильные духом люди шли к своей Победе.

Сегодня никто не имеет права хоть как-то уменьшить величие подвига и значение для нас победы над фашизмом!

Теплым весенним днем усталый, голодный, изможденный, но счастливый солдат Иван, Захар, Степан, Михаил... — наш солдат! — вытер грязным рукавом гимнастерки пороховую гарь последнего, самого трудного, долгого боя.

В этот теплый весенний день голос Левитана разносил в каждый самый удаленный уголок нашей необъятной страны такое родное и долгожданное: «Победа! Мы победили!»

С того исторического мая минуло семь десятков лет. Выросло не одно поколение. Сегодня для них та война — история далекая и малознакомая. Но у нашего народа есть долг перед каждым ветераном. И этот долг не должен позволить нам забыть эту трагическую и героическую страницу нашего великого русского государства.

В Юрге (по информации совета ветеранов города) сегодня живут 82 участника Великой Отечественной войны и войны с Японией, 14 блокадников Ленинграда и 1229 тружеников тыла. И каждый из них прожил свою жизнь, прошел свою войну.

В истории России было немало войн. Самой страшной и кровопролитной оказалась война 1941-1945 годов. Победа далась нелегко, но она явилась мерилom силы и мощи русского духа, русского государства

# РАТНЫЙ ТРУД СИБИРЯКА

Надежда ГАРБАРТ

**В** селе Филоново в 1926 году родился Михаил Васильевич Асанов в обычной рабочей семье. Рос обычным мальчишкой, учился, помогал отцу, был опорой для матери. Кроме Михаила, в семье росли еще трое мальчишек, родных братьев Михаила — Серпион, Александр и Иван. Все они мало чем отличались от своих сверстников. Жили обычной жизнью многих людей того времени.

Но грянула война. Братья Асановы ушли на фронт, встали на защиту Родины. Вернулись с войны трое.

Старший, Серпион Васильевич, в 1943-м умер в госпитале от ран.

Ранения Александра Васильевича оказались коварными, и после войны он прожил короткую жизнь.

Иван Васильевич долго работал директором СГПТУ-59, возглавлял городской совет ветеранов войны и труда.

С Михаилом Васильевичем мы встретились в юбилейный 70-й год Победы над фашистской Германией. В свои 89 лет он бодр духом и обаятелен.

**П**ризвался в армию Михаил Васильевич в 43-году, когда ему исполнилось 16 лет. Был направлен в Ачинск и зачислен в 128-й учеб-

ная формировалась из сибиряков в Томске в 1941 году, в ней и воевал наш ветеран.

**П**ервое боевое крещение Михаил Васильевич помнит и сегодня до мелочей. Это было в Витебске. Будучи командиром орудия, наводчиком и заряжающим, Михаил Васильевич впервые подбил вражеский танк. За эту операцию он получил и свой первый орден.

**Из воспоминаний Михаила Васильевича:** «...орудийные расчеты состояли из молодых ребят разной национальности. И знаете, не было никакой межнациональной розни или чего-то подобного. Каждый шел в бой рука об руку. Каждый из нас был готов отдать свою жизнь за жизнь боевого товарища.

Батарея 45-миллиметровых пушек находилась на прямой наводке. 45-миллиметровая пушка — это орудие самого малого калибра на конной тяге. На счету нашей батареи сотни уничтоженных гитлеровских солдат, множество вражеской техники...»

Начав свой боевой путь от Витебска, Михаил Васильевич вместе с однополчанами и со своей батареей принимал участие в ожесточенных боях по освобождению Белоруссии, Литвы, в боях в Восточной Пруссии, оборонительного пояса Ке-

**Из воспоминаний Михаила Васильевича:** «...9 августа началась война с Японией. И снова боевой путь. Только уже через горы Большого Хингана, по Маньчжурии, Чанчунь, Мукден, город русской славы Порт-Артур... После капитуляции Японии я шесть лет еще служил в армии. Мои армейские годы службы длиною в 7,5 лет закончились лишь в 1950 году...»

У Михаила Васильевича множество наград. Среди них орден Отечественной войны I степени, орден Славы III степени, две медали «За отвагу», медаль «За Победу над Германией», «За взятие Кенигсберга», «За Победу над Японией». В мирное время Михаил Васильевич получил медали «За доблестный труд» и «Ветеран труда».

**С**лушаю Михаила Васильевича, всматриваюсь в его глаза и пытаюсь понять, сколько же пришлось на его жизнь: десятилетним мальчишкой наравне со взрослыми вручную пропалывал поля с пшеницей, в 16 лет — война с Германией, потом война с Японией, служба в армии, работа на машзаводе, мартеновские печи... Сколько же он видел! Как!? Как может один человек вынести такие тяжести и лишения: спать на холодной земле, «иногда ложился, засыпал на земле, а просыпался от того, что грунтовые воды выступили, и половина тела уже в воде», неделями не мыться — неудивительно, что у солдат бывали и вши, постоянно быть на передовой — ведь батарея и в обороне, и в наступлении находилась в боевых порядках пехоты и своим огнем помогала пехоте громить врага, видеть столько убитых!? Или вот так: «...одно из тяжелых воспоминаний: служил у нас парнишка молодой, такой же мальчишка, как и я. (Оконание на стр. 4).

ный полк, где готовили младших командиров. Каждый день — напряженная боевая подготовка. По окончании обучения Михаил получает звание сержанта и уже сам начинает заниматься подготовкой молодого пополнения.

В мае 44-го, за год до окончания войны, Михаила Васильевича отправляют на Западный фронт. 3-й Белорусский фронт, 19 гвардейская стрелковая Руднянско-Хинганская ордена Ленина Краснознаменная ордена Суворова дивизия — так после войны называлась 366-я стрелковая дивизия, ко-

нигсберга, за выход к Балтийскому морю. Много бойцов, товарищей Михаила, сложили здесь свои головы.

От Витебска до Кенигсберга через батарею прошло более 300 человек. Многие были ранены, контужены. Здесь был дважды ранен и Михаил Васильевич.

Весна 45-го, 9 мая — День Победы! Но для Михаила Васильевича война еще продолжалась. 39-я армия, в составе которой и был Михаил, отправилась на восток в Монголию, где получила пополнение в виде вооружения и молодых ребят.

# РАТНЫЙ ТРУД СИБИРЯКА

(Окончание на стр. 3).

В один из боев наш полк встретился с другим таким же, а в том полку воевал его отец. И они встретились — отец и сын. Это была наша общая радость. Помню, как они обнимались на поле боя... И вдруг этого парнишку убили. Хоронил его отец...

Прошло много лет. Сегодня мирное время в России. Но где-то в мире неспокойно. Смотрит Михаил Васильевич новости с Украины и не понимает его солдатское сердце, не внемлет оно, почему же сейчас из бандеровцев делают героев, почему фашизм, с которым они так долго воевали, вновь обретает свои кровавые очертания. Что же это за время такое наступит? И не дай Бог сегодня начаться войне. Поколение сегодня не такое. И тут же Михаил Васильевич добавляет: «И все равно мы выстоим, русский дух не сломить!»

**P.S.** Буквально на пороге, уже прощаясь, Михаил Васильевич, смущаясь и стесняясь, тихонько сказал:

— Вы знаете, у меня проблема. Я хочу балалайку.

— Вы серьезно? Вы умеете играть?

— Самоучка. Но так хочется еще сыграть. Пока есть еще время...

И, кажется, не умом — сердцем понимаю и принимаю эту тихую, такую человеческую мечту. Откликнитесь, люди — потомки поколения победителей! Если завалаясь у вас дома балалайка, выполните просьбу старого солдата! Позвоните в редакцию по телефону 6-47-70.

# Рабочие будни совета ветеранов машзавода

Закончились новогодние каникулы, рождественские праздники, и совет ветеранов приступил к работе

22 января в совете ветеранов машзавода состоялось расширенное заседание по вопросам проведения праздничных мероприятий, посвященных 70-летию Великой Победы 9 Мая. На заседание были приглашены заместитель директора по общим вопросам ООО «Юргинский машзавод» М.А. Ульев, директор музея Славы Н.В. Никулина, редактор газеты «Юргинский машиностроитель» В.В. Григорюк, специалист по работе с советом ветеранов С. Шелковникова, участник Великой Отечественной войны М.И. Мазитов, начальник соцбытотдела И. Трифонова и почетный ветеран совета ветеранов А.А. Хомяков.

М.А. Ульев предложил составить совместный план администрации завода и совета ветеранов по проведению этого мероприятия; 7 мая провести митинг-чествование воинов на территории машзавода, возле обелиска у цеха 22; 8 мая — торжественное культурно-массовое мероприятие в ДК «Победа»; просмотреть и обновить стенд с именами участников войны; охватить и привлечь каждого участника Великой Отечественной войны, каждого участника трудового фронта, которые приближали этот великий День Победы своим ратным подвигом и трудом! А.А. Хомяковым было внесено предложение к администрации завода о выделении средств для поздравления участников Великой Отечественной войны с днем рождения открыткой и коробкой конфет ежемесячно; на 27 января была запланирована встреча с блокадниками Ленинграда.

Совет ветеранов единогласно подтвердил кандидатуру Ю.А. Бусыгина на должность председателя совета ветеранов машзавода. Также единогласно совет ветеранов утвердил кандидатуру А.А. Хомякова как почетного члена совета ветеранов.

председатель информационной группы совета ветеранов машзавода.

# ПОКЛОНИМСЯ ВЕЛИКИМ ТЕМ ГОДАМ

Надежда НИКУЛИНА, заведующая музеем Трудовой славы Юргинского машиностроительного завода

29 января в музее Трудовой славы Юргинского машиностроительного завода состоялась встреча ветеранов Великой Отечественной войны с учащимися городской школы № 1. Встреча прошла в рамках мероприятий к 70-летию Великой Победы и посвящена двум важнейшим событиям истории Великой Отечественной — победоносному завершению Сталинградского сражения 2 февраля 1943 года и полному снятию блокады Ленинграда 27 января 1944 года.

Организаторами встречи выступили совет ветеранов и музей Трудовой славы завода, которые являются центром всей предъюбилейной работы на предприятии.

На встречу со школьниками пришли участники Сталинградской битвы С.В. Веденин и В.С. Боровцева и жители блокадного Ленинграда, вывезенные из осажденного города по Дороге жизни: Т.П. Разуваева, В.П. Степнов, В.Л. Никитин, Л.Л. Мирошникова, Л.А. Козлова и В.А. Жилинская. Поздравил ветеранов и пожелал им здоровья директор по общим вопросам Юргинского машиностроительного завода М.А. Ульев. Во встрече также приняли участие председатели городского и заводского советов ветеранов А.Г. Евдокимов и Ю.А. Бусыгин, члены совета ветеранов завода Л.И. Янкова и ветеран Великой Отечественной войны М.И. Мазитов, активно занимающиеся военно-патриотическим воспитанием молодежи.

Едва ли нужно было спрашивать у кого-то из участников встречи о том, какой праздник считает каждый главным для себя и для страны. Конечно, все ответили бы однозначно: День Великой Победы! День, который когда-то объединил и объединяет сегодня наш народ, который по сей день является мерилом нравственности и морали всех наших поступков.

Согласно Википедии, «Сталинградская битва (17 июля 1942 — 2 февраля 1943) — боевые действия советских войск по обороне города Сталинграда и разгрому крупной стратегической немецкой группировки в междуречье Дона и Волги в ходе Великой Отечественной войны. Является крупнейшей сухопутной битвой в истории человечества, которая наряду со сражением на Курской дуге стала переломным мо-

ментом в ходе военных действий, после которых немецкие войска окончательно потеряли стратегическую инициативу. Сражение включало в себя попытку вермахта захватить правобережье Волги в районе Сталинграда (современный Волгоград) и сам город, противостояние Красной армии и вермахта в городе и контр наступление Красной армии (операция «Уран»), в результате которого 6-я армия и другие силы союзников нацистской Германии внутри и около города были окружены и частью уничтожены, а частью захвачены в плен. По приблизительным подсчетам, суммарные потери обеих сторон в этом сражении превышают два миллиона человек... Для Советского Союза... победа в Сталинградской битве положила «начало массовому изгнанию захватчиков с советской земли», за которым последовали освобожде-

ние оккупированных территорий Европы и окончательная победа над третьим рейхом в 1945 году».

За этими скупыми строками — многие месяцы тяжелых боев, героизм и смерти, преодоление боли и стремление победить... Об этом говорил на встрече ветеран Сталинградского сражения Сергей Владимирович Веденин: — От города остались одни руины, ни одного целого здания! В воздух враг поднимал до 60 самолетов одновременно, все смешалось в огне и дыму... Грохот орудий стоял невероятный, и, казалось, никто не сможет выжить в этом аду. Но наши бойцы поднимались — оглохшие, ослабшие, окровавленные снова и снова шли в бой...

Сергей Владимирович воевал в пехоте — «царице полей», был командиром отделения, затем радистом-тан-

кистом. Трижды ранен, прошел всю войну и был демобилизован только в 1946 году. Орденом Славы 3 степени, Орденом Победы 1 степени, Орденом Отечественной войны 1 степени и многочисленными медалями отмечен ратный подвиг фронтовика.

К сожалению, из-за болезни не смог принять участие во встрече защитник Ленинграда Николай Степанович Дубчак. Однажды на фронте, в минуты отдыха, молодые бойцы Николай Дубчак и его фронтовой друг Рашид Гарифулин написали на последней странице своих комсомольских билетов такие слова: «Я жизнью клянусь тебе, комсомол! Готов за тебя постоять! А если придется мне умереть, то знай, что за Родину-Мать!». Текст сочинил Рашид. Дружили они крепко, но лучше об этом расскажет школьникам сам Николай Степанович на следующей встрече ветеранов Великой Отечественной войны. Такие встречи в заводском музее проходят регулярно.

От блокадников, детьми спасенных по Дороге жизни, говорила на встрече Тамара

Петровна Разуваева. Она пердала присутствующим поздравления и пожелания здоровья от всех блокадников, которые по состоянию здоровья уже не смогли принять участие во встрече.

А затем выступали дети. Они подготовили для ветеранов литературно-поэтический рассказ о городе-герое, выступавшем в тяжелом блокадном кольце, о мужественных ленинградцах. Стихи и песни в исполнении учащихся школы № 1 звучали проникновенно и эмоционально. Учащиеся этой школы — частые гости в заводском музее, особенно на мероприятиях, связанных с военно-патриотической тематикой.

Встреча прошла за накрытыми к чаепитию столами, к которому помимо традиционных сладостей заводские кулинары испекли большие пироги-курники.

В заключение были сфотографированы на память, слова благодарности и сладости для каждого участника встречи, которых в этот день в музее собралось более 30 человек.

## ОСВОБОЖДЕНИЕ БУДАПЕШТА

13 февраля 1945 г.

**Освобождение Будапешта – часть крупнейшей Будапештской стратегической наступательной операции, продолжавшейся 108 дней. В кровопролитном сражении за столицу Венгрии, оккупированную немцами, наши безвозвратные потери превысили 80 тысяч человек**

Гитлеровское командование создало в районе венгерской столицы мощные оборонительные рубежи, которые широкими полудугами прикрывали Будапешт с востока, опираясь флангами в Дунай. Все было сделано для того, чтобы надолго сковать здесь наши силы, не пустить советские войска на границы рейха и на запад.

В районе Будапешта тогда столкнулись не только две мощные военные группировки противостоящих сторон. Противник превращал прекрасную столицу Венгрии в окоп для обороны, не считаясь с историческими ценностями

ми города, богатейшими памятниками культуры и искусства, с жизнью людей. Советское командование стремилось избежать ненужного кровопролития, сохранить для венгерского народа все то, что было создано руками замечательных мастеров прошлого.

11 февраля командующий немецкими войсками в Будапеште обергруппенфюрер СС К. Пфеффер-Вильденбрух отдал приказ прорываться на запад. В ту же ночь осажденные немцы и салашисты попытались с боем прорваться по Итальянскому бульвару (позже переименованному в бульвар Малиновского). Шта-

бы двигались параллельно по подземному канализационному каналу. Многие были убиты еще при попытке вырваться с территории замка, немногим удалось выйти к окраинам города. Из группировки численностью 30 тыс. немецких и венгерских солдат примерно 10 600 раненых были оставлены в городе. К немецкой линии обороны сумели пробиться менее 785 человек. Оставшиеся в Будапеште разрозненные группы к 10 часам утра 13 февраля были

уничтожены или пленены, в том числе и Пфеффер-Вильденбрух со штабом. Всего в боях в Будапеште было пленено 133 тыс. и уничтожено 55 тыс. немецких солдат и офицеров.

За 108 суток непрерывных боев войска 2-го и 3-го Украинских фронтов разгромили 56 дивизий и бригад врага, заплатив за победу 80 тысячами убитых и в три раза большим количеством раненых солдат и офицеров. Падение венгерской столицы, важнейшего узла сопротивления на пути к так называемой «Альпийской крепости», за горной грядой которой мечтали отсидеться гитлеровцы, явилось прелюдией к взятию Берлина. Заставив Гитлера перебросить в Венгрию с центрального участка Восточного фронта 37 дивизий, битва за Будапешт облегчила продвижение советских войск на главном направлении.

ПОЛМИЛЛИОНА  
ЗА «ПОЛТИННИК»

Александр ЕВДОКИМОВ,  
председатель  
городского  
совета ветеранов

**Последние годы ветераны всех категорий чувствуют особое внимание от самых разных – мыслимых и немыслимых – источников**

В прошедшем году День пожилых людей по инициативе кузбасского губернатора А.Г. Тулеева был назван Днем уважения старшего поколения. И, конечно, внимание к ветеранам было поставлено на новый уровень, ветераны одобрили новые подходы и новое название своего праздника. Наступивший год назван в Кузбассе Годом ветеранов – тут, безусловно, уважительное отношение к непосредственным участникам Великой Отечественной войны и к тем, кто в тылу ковал Победу над фашизмом, кто восстанавливал разрушенное за годы войны народное хозяйство, и ко всем, кто все семь десятилетий послевоенных лет трудился на благо родного Кузбасса, а выйдя на заслуженный отдых, продолжает заниматься общественно-политической работой.

И вот на фоне этого все чаще и чаще пенсионеры, ветераны Великой Отечественной войны и труда оказываются в центре внимания каких-то сомнительных фирм и компаний, а то и откровенных мошенников, рассчитывающих на доверчивость пожилых людей, на их желание и надежду поддержать либо поправить свое здоровье и на их финансовые возможности.

В городском совете ветеранов не раз перед разными аудиториями выступали сотрудники правоохранительных органов с информацией о различных способах обмена пожилых людей. Тут и предложения обменять денежные купюры на «новые», приобрести какие-то бытовые приборы «со скидкой, которая действует только ограниченное время», заказ продуктов и товаров «с предварительной оплатой по цене изготовителя»...

Нередки случаи, когда к ветерану или пенсионеру приходят, якобы, работники социальной защиты или коммунальных предприятий и, от-

влекая внимание хозяев квартиры, просто воруют деньги и ценности.

Последнее время участились случаи назойливых телефонных предложений проведения анализов водопроводной воды на наличие в ней тяжелых металлов или установки особых фильтров за баснословную цену.

Многим пенсионерам звонят и сообщают, что попал в беду их родственник и, чтобы разрешить конфликтную ситуацию, нужно срочно передать кому-то или перечислить на такой-то счет немалую сумму.

Немало примеров и не столь алчных попыток «развести» пенсионера: на сотовый телефон приходит СМС-сообщение от «родственника» с просьбой быстрее пополнить ему счет мобильного телефона, а он позже позвонит и все объяснит, при этом сумма называлась небольшая и, чаще всего, «некруглая».

Уже несколько лет «практикуется» вовлечение пенсионеров – да и не только их – в тягомотину получения «приза в 1 миллион рублей». При этом в СМС-сообщении на сотовом телефоне говорится, что вы стали чуть ли не единственным кандидатом на получение этого приза, но надо выполнить такое-то условие – к примеру, приобрести наложенным платежом какой-то товар на какую-то

сумму. Подобные предложения нередко приходят и по почте...

А недавно в совет ветеранов пришел участник Великой Отечественной войны, хорошо известный всем юргинцам (называть его не буду) и рассказал, как пытались его «развести». Началось все, видимо, несколько раньше – он оказался в числе других, кто выписал некое лечебное масло (цена этого препарата была, наверное, немалая). Прошло время, он его использовал согласно полученным рекоменда-

циям, но появились сомнения – надо узнать, чем же он «лечился», как восстановиться от полученного «лечения» и хватит ли этих предлагаемых средств. А на «московском» телефоне торопят вопросами и советами – неужели у вас дома нет такой суммы, далеко ли вам до Сбербанка, снимите со сберкнижки, займите у соседей или родственников...

Ошарашенный ветеран передал трубку супруге, она выслушала торопливые предложения «москвичей» и по простоте душевной предложила им просто вычестить из обе-

разговоре наш ветеран сказал, что в Юрге другой фронтовик тоже приобрел одновременно с ним такое же средство, и спросил, будут ли и ему звонить насчет компенсации. Собеседник заверил – конечно! И записал имя того ветерана. В конце концов «москвичи» опять поторопили с перечислением «полтинника» и высказали опасение – в противном случае эти деньги (почти полмиллиона) попадут в руки ненасытного чиновника (!!!).

Потом наш ветеран позвонил по названному «москвичами» телефону «фронтовику из Междуреченска». Естественно, тот ответил, бодрым голосом сообщил, что он 21-го года рождения, что воевал в Польше, и подтвердил, что, действительно, ему прислали больше четырехсот тысяч рублей, но надо предварительно самому отправить полсотни тысяч.

Совет ветеранов – хоть в Юрге, хоть в Междуреченске – знает всех своих фронтовиков поименно, и мне не составило труда позвонить своему коллеге в Междуреченск. Как и ожидалось, в Междуреченске участника Великой Отечественной войны с такой фамилией не оказалось. Через некоторое время наш ветеран позвонил и своему товарищу, который тоже приобретал такое же лечебное масло, у того сохранился номер телефона фирмы, которая продавала это средство, и там сказали, что никаких претензий к качеству продукта не было и ни о какой «компенсации» они не знают.

Ну, вот круг и замкнулся! Вывод один – это просто сложная комбинация ловкачей, которые делают себе деньги на легковерности стариков. Приходится удивляться не тому, насколько хитро-мудро плетут свои сети дельцы, а тому, как у них хватает наглости идти на обман людей старшего поколения, победителей фашизма! Ведь у них самих есть и родители, и бабушки с дедушками – как они могут в глаза-то им смотреть после своего «рабочего» дня?!

ям. И вот в конце января уже этого года ему звонят на сотовый телефон – якобы, из Москвы (номер звонившего на экране телефона не определяется) и уточняют, приобрел ли он тогда-то такое-то средство. После положительного ответа говорят, что это средство оказалось контрафактным и в качестве компенсации за это недоразумение ему будет выплачено чуть ли не полмиллиона рублей. Только надо сейчас, срочно, до 10 часов утра, перевести 50 тысяч рублей на такую-то фамилию в Центральный Сбербанк Москвы. Естественно, у ветерана появ-

щаяся сумма эти пресловутые 50 тысяч, а оставшуюся сумму уже отправить ветерану. Оказывается, так сделать невозможно!

Вечером – повторный звонок с вопросом: ну, что, набрали нужную сумму, отправили деньги? А-а-а, вы еще сомневаетесь – так позвоните по такому-то номеру на сотовый телефон своему земляку в Междуреченск (называют его фамилию, имя и отчество), который тоже воевал в Великую Отечественную, купил такое же масло, и он вам скажет, что уже получил компенсацию в 420 тысяч рублей. Дальше в телефонном

# СПОКОЙСТВИЕ НАШИХ ДВОРОВ

Частная охранная организация «Коммунальная охрана» создана восемь лет назад, в феврале 2007 года. Сегодня она имеет лицензию на право осуществления охранной деятельности с оружием и спецсредствами, состоит в партнерстве охранных организаций Кемеровской области, тесно сотрудничает с МОВД Юрги и Юргинского района. Под ее охраной находятся отделения Сбербанка, объекты жизнеобеспечения города, три коммерческих банка, магазины и офисы, дома и квартиры юргинцев.

Широкий спектр услуг, предлагаемых ЧОО «Коммунальная охрана»: физическая охрана объектов с обеспечением пропускного режима, охрана с помощью охранно-пожарной и тревожной сигнализации и видеонаблюдения, «постановка» объектов на пульс централизованного наблюдения нового поколения с осуществлением круглосуточного мониторинга, обеспечение порядка при проведении массовых мероприятий, выезд групп быстрого реагирования.

А недавно ко всему вышеперечисленному добавилась еще одна услуга – обеспечение правопорядка в юргинских дворах. Нередко в кварталах домов собираются распивающие спиртное шумные компании. Во многих случаях такие посиделки заканчиваются проявлением молодецкой удалости – нетрезвые «силачи» начинают крушить детское игровое оборудование, скамейки и урны. Сотрудники полиции, занятые более серьезными правонарушениями, порой просто не успевают оперативно реагировать на звонки жителей. А в этом случае упущенное время приводит к тому, что вандализм остается безнаказанным. Шумные компании – беда не только летняя. Зимой они находят пристанище в подъездах и, вооружившись гитарой, мешают спать добропорядочным гражданам.

Сохранить покой и сон готовы сотрудники ЧОО «Коммунальная охрана». Естественно, не безвозмездно, ведь частные охранные предприятия бюджетом не дотируются. Но стоимость этой услуги невелика. За «эталон» взят пятиэтажный четырехподъездный дом, охрана которого будет обходиться его жильцам всего в одну тысячу рублей. В домах с другими «параметрами» стоимость может варьировать как в большую, так и в меньшую стороны.

Никаких дополнительных денег, кроме заранее оговоренной суммы, взиматься не бу-

дет. В рамках договора автомобиль группы быстрого реагирования один раз в сутки заезжает в охраняемый двор. Затем сотрудники выезжают по мере необходимости, причем от количества вызовов размер оплаты не зависит.

Еще раз повторимся – никаких дополнительных сборов. Конечно, если у жителей не появится желание установить круглосуточное видеонаблюдение. В организации есть инженеры и отдельная служба, которая этим занимается, но видеонаблюдение – отдельная услуга, стоимость которой зависит от качества и количества используемых видеокамер. Технически специалисты предприятия способны организовать даже онлайн-наблюдение, но оно из-за необходимости оплаты услуг интернет-провайдера становится весьма дорогим удовольствием. Поэтому на практике применяются более дешевые варианты с записью информации на карту памяти, либо с выводом «картинки» на компьютер одного из жителей дома.

Решение о заключении договора на охрану может быть принято на общем собрании жителей подобно тому, как в случаях, касающихся предоставления коммунальных услуг. Но, поскольку деньги должны поступать на счет, договор от имени жильцов будет заключать обслуживающая дом управляющая компания, которая включает оплату охраны в квитанцию жилищно-коммунального платежа.

Связь с сотрудниками охранного предприятия можно круглосуточно поддерживать как через диспетчерские службы управляющих компаний, так и напрямую, но при этом обращающийся по телефону должен представиться, назвать адрес и номер своей квартиры. После этого группа быстрого реагирования выезжает по сигналу и, в зависимости от ситуации, либо пытается объяснить нарушителям спокойствия требования законодательства, либо передает их в руки правоохранительных органов.

К сожалению, рассчитывать на помощь сотрудников ЧОО «Коммунальная охрана» можно не во

всех случаях. Их права ограничены действующим законодательством, нарушение которого чревато лишением лицензии. К примеру, приструнить дебоширов в подъезде или в общественном месте охранники могут, а в квартире – нет. Даже если среди ночи она сотрясается от громкой музыки или из-за ее двери раздаются крики и нецензурная брань. Согласно тому же законодательству сотрудники охранного предприятия могут задерживать преступников только для того, чтобы сразу же передать полиции.

Не исключено, что в скором времени будет принят законопроект, расширяющий полномочия частных охранных организаций. Возможно, тогда у них появится право задерживать нарушителей, применять к ним физическую силу и в особых ситуациях проводить досмотр с целью изъятия взрывчатых веществ, холодного и огнестрельного оружия. Пока же ЧОО «Коммунальная охрана» борется с мелким хулиганством, от которого чаще всего и страдают горожане. И борется довольно успешно.

## Понемногу обо всем

ООО «Юрга Водтранс» заключило договор со специализированной кемеровской организацией на проведение работ по осмотру и очистке оголовков водозаборных труб, лежащих на дне Томи. Такие работы проводятся регулярно – под воду кемеровские водолазы опускались в позапрошлом году.

ООО «ЭнергоВодСтрой» ведет ремонт изоляции трубопровода второго теплового вы-

вода диаметром 800 миллиметров. С начала 2015 года предприятие «переделало» в современные изоляционные материалы с наружным покрытием из оцинкованной стали 103 погонных метра труб.

Зима выдалась весьма теплой, поэтому проблем с замерзанием водоразборных колонок в пристанционной части города у ООО «Юрга Водтранс» в нынешнем году

стало значительно меньше. Но все же подобное изредка случается, и специалистам предприятия приходится прибегать к помощи парогенератора.

Практически ежедневно ООО «Юрга Водтранс» приходится освобождать от снега пожарные гидранты, которые вновь и вновь засыпаются при очистке автомобильных дорог.

## Мой родной язык

Ученые наблюдали странный языковой эффект: когда на иностранном языке решают моральную дилемму, принятое решение отличается от того, которое принимают тогда, когда говорят на родном языке. Это подтвердил эксперимент, который провели испанские ученые. В эксперименте участвовали 725 человек из США, Испании, Кореи, Франции и Израиля, сообщают «Новости науки и техники». На чужом языке с большей готовностью жертвуют одним человеком, чтобы спасти пятерых других. Если этого требуют на родном языке, тогда большинство отказывается от «убийства ради общего блага».

Классический сценарий определения моральных установок — услышать ответ на вопрос: представьте, что вы стоите на пешеходном переходе через железнодорожные пути; к вам приближается поезд; на колее — пятеро людей, которых ждет смерть. Лишь вы можете их спасти, толкнув под поезд полного мужчину, который стоит рядом с вами. Его тело остановит поезд, пятеро смогут спастись. Вы бы так поступили?»

Именно такой вопрос Альберт Коста из университета Помпеу Фабра (Барселона, Испания) и его коллеги задали 725 участникам эксперимента из США, Испании, Кореи, Франции и Израиля. Эксперимент проводили таким образом: одной части участников исследования сценарий рассказывали на родном языке, другой — на том иностранном языке, который они знают хорошо.

Результат по-настоящему удивил всех: те, кого спрашивали на родном для них языке, больше сомневались, прежде чем пожертвовать человеком. Причина кроется в том, что этот поступок противоречит глубоко укорененной моральной заповеди: не убей. С иностранным языком все наоборот: «Те, кто использовал иностранный язык, в два раза чаще обнаруживали в себе готовность совершить рациональный поступок, на благо большинства», — рассказывает Коста. По мнению исследователей, причина этого неосответствия — в эмоциях: «Люди меньше боятся потерь, решительнее идут на риск и меньше скованы эмоциями, когда думают на иностранном языке», — объясняет соавтор исследования Боаз Кейзар из Чикагского университета. Ведь родной язык ребенок изучает в семье, он с самого начала тесно связан с чувствами и культурой, в которой живет человек. Иностранное же изучают очень предметно, например, курсы немецкого языка. Поэтому он вызывает меньше чувств.

Чтобы проверить гипотезу, исследователи провели второе испытание. Участникам эксперимента рассказывали подобный сценарий лишь с одним отличием: чтобы сохранить жизнь пятерых людей, не нужно было бросать кого-то через перила. Рядом стоял выключатель, нажимая на который можно было перевести поезд на сопредельную колею, на ней стоял только один человек. Только так можно было спасти пятерых других. Такой сценарий меньше отягощен эмоционально, — объяснили ученые. И на самом деле, участники эксперимента легче принимали решение в пользу большинства: 80 % решили нажать на выключатель и принести в жертву одного человека. Это решение одинаково часто принимали на родном и на иностранном языке: подавляющее большинство выбрало рациональную опцию — сохранить пять вместо одного.

Исследование подтверждает, что моральные решения зависят от языка, на котором нам говорят о проблеме. Это обстоятельство нужно принимать во внимание. Особенно, когда речь идет о судебных или политических решениях.

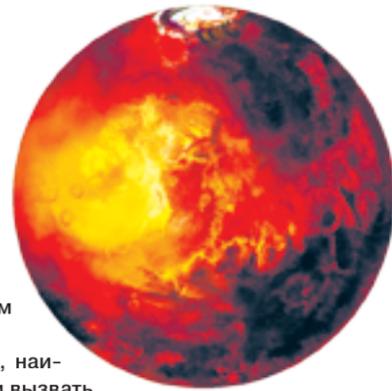

## Полеты к Марсу

### Полеты космонавтов к Марсу признали смертельно опасными

К моменту запуска пилотируемой миссии на Марс исследование Солнечной системы может стать смертельно опасным занятием, утверждают американские ученые. Уже сейчас начался период низкой солнечной активности, из-за чего участники пилотируемой миссии на Марс, которым предстоит провести в космосе больше года, подвергнутся более сильному радиоактивному облучению, чем было принято считать ранее. Планы землян по отправке пилотируемых миссий на Марс и к астероидам могут быть сорваны.

Солнечную систему пронизывает космическое излучение (частицы высоких энергий, наиболее опасные для человеческого организма). Они могут повредить оборудование и вызвать необратимые изменения в человеческой ДНК. Магнитное поле Земли защищает людей от большей части этой радиации, но мощность этого «щита» колеблется на протяжении 11-летнего солнечного цикла. Последний пик активности нашего светила — солнечный максимум — был аномально слабым, и эффективность магнитного поля звезды снизилась.

Магнитное поле Земли защищает людей на ее поверхности, а также на МКС, но ослабление активности Солнца может сослужить плохую службу тем, кто отправляется за пределы земной орбиты, убеждены американские ученые.

## Шаг к невидимости

Учеными разработана система, которая делает предметы невидимыми. Исследователи из Университета Рочестера разработали и успешно испытали систему, которая делает предметы абсолютно невидимыми. Однако в этой системе нет ничего заумного или магического. Все очень просто. Специальный прибор, состоящий из четырех линз, выполненных из обычного стекла, позволяют делать предметы невидимыми.

Конфигурация этих линз в пространстве позволяет скрывать предметы, находящиеся за этими линзами. Однако система не функционирует под любым углом. К тому же, вся сложность системы состоит в выборе типа линз, их мощности, а также дистанции от них до предметов, которые необходимо сделать невидимыми.

## Реабилитация шоколада?

Испанские ученые утверждают, что шоколад способствует обмену веществ и препятствует накоплению жира.

Ученые не отрицают, что шоколад калорийный, однако при этом он ускоряет обмен веществ и не дает жиру накапливаться. Кроме того, этот вкусный продукт уменьшает риски других заболеваний. В частности, он восстанавливает давление, кровообращение и хорошо влияет на сердечную деятельность. У любителей лакомства наблюдалось, что вероятность инсульта снижается на 29 %, а болезнью сердца — на 37 %. Самым полезным считается черный шоколад с содержанием какао 70 %.

## Кто болеет чаще?

### Кто болеет чаще: вегетарианцы или мясоеды?

Вегетарианцы болеют чаще, чем мясоеды, сообщают новости науки и техники. К такому выводу пришли исследователи из Университета Граца. Ученые опросили 1,3 тыс. человек, половина из которых были вегетарианцами, а половина — мясоедами.

Анализ опроса подтвердил, что у вегетарианцев худшее состояние общего здоровья. В частности, они чаще болели аллергией и хроническими недугами, а также раком и психическими расстройствами. Самыми здоровыми же оказались люди, которые придерживаются так называемой «средиземноморской диеты», употребляют много овощей и умеренно мяса.

Ученые подчеркивают, что в своем исследовании они не пробовали установить причинно-следственные связи между диетой и состоянием здоровья. Ведь как диета может влиять на здоровье, так и здоровье может быть причиной выбора пищи. Ученые акцентируют на том, что необходимы дополнительные исследования в этой области.

## Сознание после смерти

Ученые из Университета Саутгемптона пришли к выводу, что сознание человека функционирует в течение нескольких минут после смерти мозга. В течение четырех лет ученые изучали данные 2 тысяч человек из 15 больниц Великобритании, Австрии и США в тех случаях, когда врачи констатировали остановку сердца.

Примерно 40 % выживших описывают осознанность в период между остановкой сердца и его запуском. Например, 57-летний социальный работник из Саутгемптона заявил, что в период клинической смерти он был вне тела и мог наблюдать за его возвращением к жизни. Ученые отметили, что детали рассказа соответствовали тому, что происходило в комнате в тот момент.

Ученые пояснили, что многие принимают подобный опыт за иллюзии или галлюцинации, но суть в том, что пациенты, похоже, действительно говорят о событиях, которые имели место. По словам руководителя исследований, дальнейшее исследование поможет разобраться в том, что же на самом деле происходит после смерти с сознанием человека.

## Демон искусственного интеллекта

Основатель компаний Tesla Motors и SpaceX Элон Маск заявил, что искусственный интеллект может оказаться неподвластен человеку. По его словам, с искусственным интеллектом мы «вызываем демона». В пример он привел кинофильмы, где герой со святой водой и пентаграммой в руках уверен, что сможет контролировать злые силы, но по факту это не работает.

Маск заявил, что человечеству следует быть крайне осторожными с искусственным разумом, так как он может стать одной из самых серьезных угроз для существования человечества. Ученый уверен, что необходимо ввести регулирующие нормы на национальном и международном уровнях, которые не позволят ученым надеться на глупостей.

Ранее стало известно, что Оксфордский университет и Google DeepMind совместно займутся развитием технологии искусственного интеллекта. Речь идет о средствах для обработки естественного языка и о создании инструментов визуального распознавания. Такие разработки позволят компьютеру понимать человеческую речь и воспринимать изображение так, как это делает человек.

С юбилеем!

## Как вкусно и тепло!

**12 февраля у Валентины Ивановны Лукьяновой 75-летний юбилей!**

Эта замечательная женщина работала в комбинате питания машзавода буфетчицей. В своем буфете она старалась накормить рабочих разнообразной выпечкой, бутербродами, горячим чаем. У нее всегда был разнообразный ассортимент товаров, которыми она снабжала рабочих завода. Не считаясь со временем, она часто выезжала и в город, чтобы продать изготовленную продукцию комбината питания на ярмарках и выставках-распродажах. Посетители были всегда довольны ее обслуживанием, за что в книге отзывов было много благодарностей.

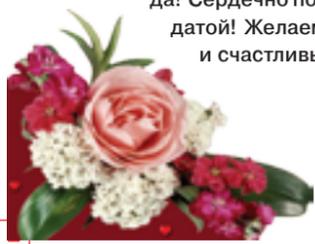

Валентина Ивановна относилась к своей работе со всей серьезностью. За свой многолетний труд от руководства машзавода удостоена звания ветерана труда, награждалась грамотами и благодарностями.

В настоящее время она на заслуженном отдыхе, помогает детям воспитывать внуков.

**Уважаемая Валентина Ивановна!**

Спасибо Вам за многолетний труд на благо машзавода! Сердечно поздравляем Вас с юбилейной датой! Желаем крепкого здоровья, долгих и счастливых лет жизни.

## «Битва оркестров» в «Жемчужинке»

Детский сад № 36 «Жемчужинка» славен своими традициями. Но двери нашего сада также открыты и для всего нового, интересного.

В детском саду прошло необычное мероприятие – «Битва оркестров», которое объединило в музыкальном зале творческих, талантливых, но пока еще совсем юных музыкантов-исполнителей, воспитанников детских садов № 35 «Звездочка», № 40 «Солнышко», № 41 «Почемучка», № 42 «Огонек».

Такого рода мероприятие проходило впервые в нашем городе. Идея проведения принадлежала музыкальным руководителям детского сада № 36 «Жемчужинка» Любви Юрьевне Белан и Наталье Валентиновне Липчанской. Музыкальные руководители других дошкольных учреждений с удовольствием от-

кликнулись на приглашение и подготовили детские оркестры к выступлению.

Игра в оркестре – занятие увлекательное, но не простое. Маленькие исполнители должны не только владеть навыками игры на различных детских инструментах (треугольник, ложки, металлофон, бубен, марacas, тарелки, барабан, дудочка, свистулька и т.д.), но

также обладать очень важным для музыканта умением слушать и слышать друга друга, слаженно играть в ансамбле.

Музыкальным руководителям детских оркестров было чему поучиться друг у друга: разнообразное использование инструментов, разное исполнение музыкальных произведений. Ведь каждый музыкальный руко-

водитель слышит и чувствует музыку по-своему.

Путешествие в мир музыкальных инструментов ребята совершили с веселым Петрушкой (воспитатель А.В. Лапина) и очаровательной Матрешкой, (воспитанница детского сада № 36 Эвелина Лелекова).

Праздник получился ярким, веселым, эмоциональным и принес детям радость от успешных выступлений и общения со сверстниками.

В конце встречи все получили сладкие призы и заряд хорошего настроения. Хочется надеяться, что такие встречи помогут детям развивать их творческие способности и не терять интерес к музицированию.

## Времен связующая нить

Большую помощь в воспитании подрастающего поколения оказывает детскому дому совет ветеранов Юргинского машзавода.

Ведь встречи с ветеранами Великой Отечественной войны и тружениками тыла, экскурсии, праздники, совместные мероприятия – все это составные части огромной работы, которой ветераны отдают много времени и душевных сил и отводят ей очень важную роль. Именно такая работа прививает и закладывает понимание важности труда в жизни человека. Очень важно и то, что мо-

лодое поколение имеет возможность непосредственно общаться с теми людьми, которыми гордится завод, кто в свое время стоял у истоков его создания.

Вот и наступил 2015 год. Погасли салюты и фейерверки. Миновал и следующий, не менее светлый праздник – Рождество. Рождественские праздники – канун Рождества и святок, несмотря на холодное зимнее время года, дышат весельем. До наших дней на Руси сохранилась традиция – колядования – пения колядок под окнами.

Коляда – бог пиришества и мира, канун праздника Рождества Христова. Позднее проводятся еще две коляды – Васильевская накануне Нового года и крещенская – накануне Крещения. Стало традицией проводить рождественские колядки волонтерским отрядом «Вега» детского дома «Радуга». Воспитанники, наряженные в костюмы и маски, славили хозяев дома: «Здравствуйте, хозяева дорогие!»

С Рождеством вас поздравляем!

Много лет чтобы жили,  
Чтоб здоровенькие были!»

Радушно нас встречали семьи ветеранов войны и труда Н.П. Абашкиной, Л.И. Янковой, В.Ю. Радченко, В.В. Сафрыгина, О.Н. Герасимовой, В.Ю. Афанасенко. В каждой семье нас угощали сладостями. А мы точно знаем: чем щедрее окажутся хозяева, тем больше счастья ждет их в новом году.

Продолжением рождественских колядок стала встреча в совете ветеранов машиностроительного завода. Здесь наших ребят встречали не только ветераны, но и любители клуба «Играй, гармонь».

Наша дружба с годами становится все крепче, наше сотрудничество со старшим поколением продолжается, традиции их времени переходят из поколения в поколение. Несомненно, такие встречи очень нужны нашим детям, они воспитывают уважение к труду, к рабочим профессиям.

**24 января состоялся муниципальный этап межрегионального конкурса «Ученик года-2015» с целью выявления и поощрения наиболее активных, творческих учащихся.**

На сцену Детско-юношеского центра, где проходил конкурс, вышли самые умные, активные, и, как показал конкурс, креативные старшеклассники школ города: Юлия Скрипникова (МАОУ «Гимназия г. Юрги»), Зоя Маркина (МБОУ «СОШ № 8»), Мария Фомина (МБОУ «СОШ № 10»).

Конкурс проходил в два этапа. На заочный этап все участники представили «портфолио ученика». В «портфолио» вошли сертификаты, грамоты, похвальные листы, благодарности, полученные на конкурсах, соревнованиях, олимпиадах разно-

го уровня. Каждый материал, представленный на конкурс, создавал полную картину об участнике, мире его интересов и склонностей, увлечений и предпочтений.

Очный этап состоял из двух конкурсов:

1. Творческая презентация «Я – гражданин страны великой».

2. Краеведческий конкурс «Широка страна моя родная...»

Творческая презентация показала, что каждый участник конкурса – личность неординарная. В качестве «визитной карточки» участницы продемонстрировали умение держаться на

сцене, свободно говорить, раскрыли свои разноплановые интересы.

Краеведческий конкурс состоял из трех этапов. Первый этап – викторина: в течение пяти минут ответить письменно на предложенные вопросы. Это был самый сложный этап конкурса. Второй этап был творческий, за пять минут конкурсантам необходимо было составить герб Кемеровской области. На третьем этапе участницам конкурса был предложен блицтурнир: по фотографиям на слайдах отгадать «Семь чудес Кузбасса».

Все участницы прекрасно спра-

вились с заданием. Но конкурс есть конкурс. В конкурсе всегда есть победители. После обсуждения жюри, в состав которого вошли представители управления образованием, Детско-юношеского центра, родительской общественности, совета ветеранов образовательных учреждений, объявило результаты конкурса.

По итогам конкурса победителем муниципального этапа межрегионального конкурса «Ученик года-2015» признана Юлия Скрипникова. Теперь ей предстоит защищать честь родного города на областном этапе конкурса «Ученик года-2015».

## Чистим крыши и ступени

Уважаемые предприниматели города!

16 января в селе Верх-Ирмень Новосибирской области под тяжестью мокрого снега частично обрушилась крыша крытой хоккейной коробки. Площадь обрушения составляет примерно 800 квадратных метров. По счастливой случайности никто не пострадал.

Во избежание подобных случаев, а также в связи с приближением весеннего периода, который сопровождается образованием наледи и сходом снега с крыш, козырьков, для обеспечения безопасности посетителей предприятий просим вас:

— организовать ежедневный осмотр и очистку снежно-ледяных образований на ступенях

перед входом в здание, карнизах, крышах и водостоках;

— проверить готовность персонала к действиям по ликвидации последствий чрезвычайных ситуаций во взаимодействии с МЧС.

В случае непринятия мер по удалению снежно-ледяных образований на основании ст. 26-4 Закона Кемеровской области № 89 от 16.06.2006 г. предусмотрена административная ответственность в виде наложения штрафа в размере до 90 000 рублей.

**Отдел потребительского рынка и предпринимательства администрации города.**

## Ветераны на лыжне

В Ачинске Красноярского края проходили межрегиональные соревнования по лыжным гонкам – первенство Сибири среди лиц среднего и старшего возраста. В стартах приняли участие около 300 человек из 16 городов Сибири.

Честь Кузбасса защищали и лыжники из Юрги – Наталья Руш, Виктор Газин, Валентин Морозов, Анатолий Рагель.

1-й день спортсмены бежали классическим стилем. Мужчины бежали дистанцию 15 км, а женщины стартовали на дистанцию 5 км. Наталья Руш стала бронзовым призером, Виктор Газин занял 5 место.

2-й день – свободный стиль. Наталья Руш на дистанции 5 км стала серебряным призером, а Виктор Газин финишировал 4-м.

По итогам двухдневной борьбы сборная команда Кузбасса заняла 5-е место.

## Лыжный спринт 25-й спартакиады

В рамках 25-й спартакиады трудящихся, посвященной 70-летию Победы в Великой Отечественной войне, у спортивного комплекса «Олимп» состоялись соревнования в пятом виде спартакиадной программы – лыжном спринте. Участвовало более 100 спортсменов, представлявших 19 команд предприятий, организаций и учреждений города.

В результате сильнейшей в лыжном спринте стала представительница команды «Образование» Олеся Ливанова с результатом 2 мин. 05 сек. Второй и третий результаты показали Евгения Беспалова и Екатерина Балько из команды учреждений УН-1612 № 41 и 50. В мужском финале острое соперничество развернулось между военнослужащим Сергеем Колеговым и Виктором Бурдуковским из команды «Образование», завершившееся в пользу Колегова. Третий результат показал Владимир Болтунов, лидер команды «Газпрома».

Командные итоги еще подводятся. Отмечается активное участие в соревнованиях производств, служб и цехов машзавода, лыжников команд «Артлайф», ферросплавного завода, управления Пенсионного фонда России.

В. ЛАРИН.

Программа соревнований предусматривала предварительные и финальные забеги лыжников на дистанции 1 км для мужчин и 500 м для женщин. Яркое солнце прибавляло настроение спортсменам, морозец под минус 20 заставлял в ожидании старта коротать время в помещениях «Олимпа». По мнению участников, морозная погода отрицательно сказалась на скольжении лыж и тут выигрывал тот, у кого был больший опыт в сервисе подготовки лыжного инвентаря к гоночным состязаниям. Однако это не сказалось на азарте участников, их стремлении показать максимальный для себя результат под подбадривающие возгласы зрителей, которых, несмотря на мороз, собралось немало.

Первыми вышли на старт мужчины. По результатам 10 предварительных забегов (в каждом стартовало по 6 человек) была сформирована группа сильнейших лыжников-мужчин, которые затем и разыграли призовые места. Женские забеги без отбора сразу проводились как финальные.

## ЧТО ГОВОРЯТ НАМ ЗВЕЗДЫ...

### Астрологический прогноз на неделю с 9 по 15 февраля

#### ОВЕН

Именно на этой неделе вам удастся успешно воплотить мечты в реальность, а идеи претворить на практике. Правда, может оказаться, что ни о чем особенном вы и не мечтаете. И все планы у вас довольно простые и приземленные. Звезды советуют – отпустить в полет свою фантазию и поднять уровень притязаний. Душевная теплота дружеских встреч отогреют ваше замерзшее сердце.

#### ТЕЛЕЦ

На этой неделе постарайтесь избегать кардинальных перемен в любых областях своей жизни. Ваша целеустремленность позволит достичь невозможного, но действовать нужно строго по плану. Трудности только закалят, прибавят внутренней уверенности в себе и решительности. Ближе к выходным лучше вспомнить о том, что всех денег все равно не заработать.

#### БЛИЗНЕЦЫ

На этой неделе понадобится все ваше самообладание, чтобы сохранять спокойствие. Потому что и на работе и в личной жизни будет немало причин для волнений и ссор. В середине недели возможно осложнение отношений с близкими родственниками, зато с друзьями – полное взаимопонимание. В четверг и пятницу избегайте прямых конфликтов

с коллегами и начальством.

#### РАК

Этой неделе суждено быть достаточно напряженной, но плодотворной. Успех в делах будет проявляться медленно, но основательно и надолго. Хорошее время для того, чтобы вас заметило начальство. Вам могут предложить новую работу. Среда и четверг отлично подходят для общения и выступлений перед публикой. В воскресенье порадовать себя какой-нибудь обновкой.

#### ЛЕВ

На этой неделе будьте осторожны в отношении коллег по работе и друзей, так как они могут вас подвести или спровоцировать ссору. Чтобы неделя оказалась благополучной, не стоит посвящать в свои планы окружающих. Вообще поменьше говорите, побольше делайте. Вероятно, поступит заманчивое предложение, которое стоит, как минимум, обдумать.

#### ДЕВА

Вы будете склонны лезть из кожи вон, чтобы угодить окружающим людям, однако это не спасет вас от придирок и претензий. Но ваше везение и обаяние позволит сгладить острые углы в различных ситуациях. В пятницу вас может посетить оригинальная идея, которую вы воплотите в ближайшем будущем. Постарайтесь провести выходные в уединении.

#### ВЕСЫ

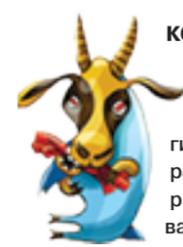

Если хотите избежать недоразумений с деловыми партнерами, проследите за своими высказываниями и тоном. Да и со своим любимым человеком лучше не шутить, это может его задеть и ранить. Постарайтесь не сидеть ни минуты без дела, но излишняя спешка тоже ни к чему. В субботу вас может окружить вихрь бытовых проблем.

#### СКОРПИОН

На этой неделе взвешивайте каждое слово, так как болтливость может сыграть с вами злую шутку. Не стоит открывать чужие секреты. Возможны проблемы с авторитетом – пытайтесь его повысить, вы рискуете вовсе его лишиться. Можно рассчитывать на помощь друзей, если, конечно, вы не постесняетесь о ней попросить.

#### СТРЕЛЕЦ

На этой неделе вы можете стать заметной фигурой у себя на работе. Ваши навыки и опыт будут полезны коллегам и востребованы начальством. Встречу с друзьями лучше запланировать на пятницу, а выходные дни, желательно, провести со своей семьей.

#### КОЗЕРОГ

На этой неделе нужно завершить все намеченное, не откладывая дела в долгий ящик. В понедельник постарайтесь быть сдержанными на работе, иначе произведенное вами впечатление станет причиной нелицеприятных разговоров о вас за глаза. Во второй половине недели желательнее соблюдать разумную умеренность в делах и желаниях.

#### ВОДОЛЕЙ

На этой неделе вы можете почувствовать прилив сил и энергии, хандра отступит, уйдут в прошлое неприятности и потери. Старайтесь на все смотреть оптимистично, включиться в реализацию новых и очень перспективных планов, освоить новую работу. Вокруг вас окажется немало интересных людей, больше общайтесь с ними.

#### РЫБЫ

Неделя может быть сложной и противоречивой, навалится много разнообразных дел. Однако все равно найдите время для себя, для своего хобби. Среда ознаменуется удачными деловыми переговорами и бесконечными семейными делами. В субботу постарайтесь выбраться куда-нибудь в гости, или пригласите кого-нибудь к себе, и приятное общение вам обеспечено.

## Госуслуги полиции

**Заместитель начальника межмуниципального отдела МВД России «Юргинский» подполковник внутренней службы Владислав Анатольевич Маринкевич провел встречу с журналистами, на которой детально рассказал о порядке предоставления государственных правоохранительных услуг населению**

В рамках реализации Федерального закона от 27 июля 2010 года № 210-ФЗ «Об организации предоставления государственных и муниципальных услуг» МВД России приступило к предоставлению государственных услуг и функций в упрощенном порядке, определенном административными регламентами.

В межмуниципальном отделе МВД России «Юргинский» оказанием госуслуг гражданам и юридическим лицам занимаются подразделения ГИБДД, штаба, ЛПП и дежурной части – это регистрация автотранспорта, выдача водительских удостоверений, разрешений на оружие, разрешений охранника, оформление справок о наличии либо отсутствии судимости, добровольная дактилоскопия

(всего около 20 наименований услуг). За 2014 год межмуниципальным отделом МВД России «Юргинский» выдано:

- более 2600 справок о судимости,

## Ограбили за... дерзость

В дежурную часть межмуниципального отдела МВД России «Юргинский» обратился 21-летний местный житель. Он сообщил, что в подъезде общежития его остановили двое неизвестных. Они несколько раз ударили молодого человека, а затем, угрожая насилием, заставили пройти вместе с ними к ближайшему банкомату. Незнакомцы забрали у него банковскую карту, потребовали назвать код карты и сняли наличные в сумме 4 300 рублей. Заявитель подробно описал внешность злоумышленников, и вскоре сотрудники полиции установили их личности. Налетчиками оказались двое безработных. Они были задержаны сотрудниками уголовного розыска и доставлены в отдел полиции, где их опознал потерпевший. Похищенные деньги к моменту задержания злоумышленники потратили.

В ходе беседы со следователем подозреваемые пояснили, что ограбили юргинца за его дерзость. Якобы, молодой человек в грубой форме ответил отказом на просьбу дать закурить.

В отношении подозреваемых возбуждено уголовное дело по п. «г» ч. 2 ст. 161 УК РФ «Грабеж, совершенный с применением насилия, не опасного для жизни и здоровья». Санкциями данной статьи предусмотрено наказание в виде лишения свободы на срок до семи лет.
